

ONYX 3-in-1 PPS

Pick-Punch-Stack

Product number

MCRT0127

The ONYX 3-in-1 PPS can reduce your punching project time by over 60%!

Make your ONYX HD Punch twice as productive by getting the new APES & PAL SEMI-AUTOMATIC modules! APES stands for Automatic Paper Ejector & Stacker module. It punches, ejects and stacks in one continuous operation. And the PAL module stands for Pics-A-Lift and automatically lifts the number of sheets selected. In our initial tests, the Pics-A-Lift / APES-14 combo has outperformed many of the fully automatic punches and has done so at less than one-half of their initial cost.

Technical Specification

Dimensions (mm):

203 mm (H) x 432 mm (W) x 426 mm (D)

Weight: 34.47Kgs Shipping 37.78Kgs

Power Requirements: 230v 50Hz

Method of Operation: Foot pedal, Palm switch & Sidelay micro switch

Safety Approvals: CE
