

GPM-320 CREASING EQUIPMENT

PRODUCT NUMBER
MCCYGPM320

The GPM 320 is a heavy duty manual creasing and perforating machine suitable for modern processing of SRA3 format card and paper. The machine features double crease paper guides with 'flip over' stops, paper skew adjustment, heavy duty operation handle and 3 options of crease width.

Eccentric wheel of operating mechanism demands only minimum power to process the paper even for heavy stock. Skew paper can be also creased/perforated due to thumbwheel angle adjustment of side guide

FEATURES & BENEFITS

- Accurate calibration for paper adjustment
- Adjustment wheel for paper skew
- 320mm working width
- Weight 11 kg
- Exceptional quality of perforation
- Easy creasing with minimum use of power
- Ergonomic bar
- Easy to use
- Quality machine manufactured in Europe
- Solid metal construction
- Interchangeable quality crease and perforating blade
- High capacity 400 gsm creasing
- Choice of 3 different size crease channels 0.8,1.1 & 1.5mm
- Up to SRA3 paper size
- Strong easy action handle
- Two adjustable 'flip over' paper stops

TECHNICAL SPECIFICATION

Working Width	320mm (SRA 3)
Grammage	80 - 400 g/m ² (creasing) 60 - 250 g/m ² (perforating)
Width of Crease	0.8 / 1.1/ 1.5 mm
Dimensions	470 x 370 x 360 mm
Packing size	470 x 370 x 160 mm
Weight	nett 11 kg, gross 12.5 kg
