

## Velobind System 2-(12 Prong)

### Velobind Punches

The Velobind VB270 is an electric punch with electric binding facility able to bind documents up to 51mm thick in 14 to 15 seconds.

Able to punch up to 22 sheets at a time and create documents up to 51mm, this system is ideally suited to the large office environment and will make light work of most binding jobs.

### Features and Benefits

- **Security:** Documents are secure and tamper proof.
- **One Strip size:** The Velobind system requires only one size strip for documents between 3 pages and 500pages.
- **Counter:** An optional document bind counter is available to monitor throughput.
- **Jam Prevention:** Has a jam prevention device to avoid irritating paper jams.
- **Storage:** The Velobind VB270 is fitted with a strip storage tray.
- **Operation:** Electric push-button operation.
- **Automatic reverse:** To prevent paper jams.
- **Ready light:** Indicates when binding is complete.
- **Extra-large drawer:** For paper chips and pin debris.
- **Paper size:** Binds sheets up to 14" in length.

### Technical Specification

Dimensions	597 (w) x 273 (h) x 451 (d) mm
Weight	20.9 kgs
Power Requirements	115V, 60Hz, 4A
Safety Approvals	TUV / CE
Suggested Binding Capacity	500 sheets (approx) 50mm
Binding Time	14-15 seconds
Sheet Size	A4
Number of Punch Holes	12
