

## PDC Finish a Coil Inserter

### Coil Insertion & Crimping

The **PDC Finish a Coil** features adjustable (high tack) feed rollers, ensuring trouble free insertion of Coils from 6mm up to the largest diameter, 50mm. Compact and robust, its features include an integral Coil size guide, a pitch identifier and a forming channel for shaping larger documents for easy Coil insertion. The PDC Finish a Coil is operated by foot pedal, allowing the operator to have both hands free to hold the document. A handy storage compartment for your Crimping Pliers (supplied with the machine) is located on the top of the machine.

### Features and Benefits

- **Adjustable feed rollers:** Rollers can be adjusted to accept all Coil sizes from 6mm up to 50mm
- **Diameter Selector:** Allows for easy selection of the correct size Coil for the document you are binding
- **Forming Channel:** Used to shape the spines of thicker documents, prior to applying the Coil
- **Foot pedal Operation:** Ensures that both hands are free to hold the document whilst inserting the Coil
- **Pitch Identifier:** Allows easy confirmation that the holes punched match the pitch of the Coil
- **Free Crimpers:** Each machine is supplied with a set of Crimping Pliers
- **Storage Compartment:** An integral storage compartment for your Crimping Pliers

### Technical Specification

Dimensions (mm )	370mm x 135mm x 260mm
Weight	5.9 kgs
Power Requirements	240v 50/60Hz
Safety Approvals	CE
Binding Capacity	Up to 50mm
Inserting Roller	Full size 11-3/8" EPDM roller
Adjustable Roller	YES
Inserting	Electric
Crimping	Manual
Motor	Heavy-Duty
