

Velobind System 1-(12 Prong)

Velobind Punches

The Velobind VB170 is a manual punch with electric binding facility able to bind documents up to 25mm thick in 10 seconds. Able to punch up to 22 sheets at a time this system is ideally suited to the smaller office environment and will make light work of most binding jobs.

Get professional-looking VeloBind® results with this all-in-one punch and bind system. The manual punch handle is convenient for right-or left-handed use. The pressure bar and alignment guide hold documents (up to 1" or 250 sheets) in place during electric finishing. VeloBind adds a smooth, book-like finish to your presentations by locking pages permanently in place without visible holes, tapes or fasteners.

Features and Benefits

- **Security:** Documents are secure and tamper proof.
- **One Strip size:** The Velobind VB170 requires only one size strip for documents between 3 pages and 250 pages.
- **Unique Hole Pattern:** The Velobind range, punches 12 holes.
- **Debinder:** Supplied with a debinding tool.
- **Ready light:** Indicates when binding is complete.
- **Extra-large drawer:** For paper chips and pin debris.
- **Binding Length:** Binds sheets up to 14" in length.
