

DTP340M Electric Punching Machine

High Volume Desktop Punching

The **Renz DTP340M** is a high capacity desktop punch binding machine. Vertical paper feed and foot pedal operation make punching simple and efficient. A large selection of dies are available to for all punching styles, including calendar punching. The Renz DTP340M binding machine is modular in design, so that you can attach or use independently a selection of closing devices (Coil, Wire and Comb). Tool changing is achieved by simply releasing the levers at each end of the machine.

Features and Benefits

- **High Capacity Electric Punching:** Maximum punching productivity of 20,000 sheets per hour.
- **Interchangeable Die Sets:** Die sets can be changed quickly and simply using the quick release levers.
- **Vertical Punching Slot:** Allows for gravity fed volume punching to be achieved quickly and accurately.
- **Easy Accessible Punch Pins:** Selector pins feature on all tools allowing all paper sizes to be punched.
- **Modular Design:** Clip on additional Coil Insertion & Crimping Units, a Wire Closer or Comb Closer.
- **Modular holder:** The holder can be used when you need the closing device separate from the punching unit.
- **Adjustable edge Guide:** Easily adjustable to ensure accurate alignment of paper.
- **Large Chip Tray:** Collects chips from up to 40,000 sheets, eliminating the need for frequent emptying.
- **Heavy duty Motor:** A heavy duty motor and unique gearing means that high capacity punching can be achieved.
- **Rugged Construction:** Steel forged and cast components provide longer life and greater reliability.

Technical Specification

Dimensions	360 x 490 x 250 mm
Weight	31 kg
Power Requirements	230/250V / 50Hz / 250W 115/200V / 60Hz / 250W
Mechanical cycles per hour	1,200
Min. punching width	10 mm
Max. punching width	340 mm
Min. unpunched length	40 mm
Max. unpunched length	800 mm
Max. punching thickness	3.5 mm
Punching operation	Foot pedal
Punch dies available	3:1, 2:1 ring wire, calendar, coil, plastic comb
Die Type	Standard
Selectable punch pins (QSA)	Yes
Bespoke Dies	No
Variable margin depth	Yes
Die changeover time	1 min.
