

PBS 400 Industrial Roller Inserter

The power of two spinning rollers for quick and efficient coil insertion

The PBS Industrial Roller Inserter offers dual roller insertion within a rugged steel frame. A durable design that is built to last!

Features

Both rollers spin providing more force/less friction to drive the coil through the punch holes. You'll notice a real difference when binding thicker books.

Productivity

- As high as 350 books/hour

Coil Capabilities

- Accommodates coil diameters from 6 mm up to 30 mm

Min/Max Binding Edge

- No limits

Rollers spin continuously

Benefits

- Small and compact, it can fit on any desk or countertop
- The front alignment channel curves the book to follow the curve of the coil allowing for easier coil insertion.
- The front book support ensures the book and coil are positioned against the rollers.
- Large top surface doubles as useable workspace.

Tech Specs

- 110 V Single phase (220 V/Single also available)
- CE Compliant
- Dimensions
20"W x 10"D x 7"H
(51 cm x 25.4 cm x 18 cm)
- eight – 15 lbs. (7 kgs)

Front alignment channel curves the book to allow for easier coil insertion.

Rollers spin continuously allowing for free use of the operator's hands.
